## **Professional Experience**

### **Acting As PMO & Regional Engagement Lead @ TopMed (Saudi German Hospital Group) | June 2024 - Present**

Leading HealthTech Digital Transformation Across SGH Group in KSA, UAE & Egypt, with USA partners

- Driving Digital Transformation: Spearheading enterprise-wide HealthTech initiatives to modernize hospital operations, enhance patient care, and improve clinical efficiency across Saudi German Hospital Group (SGH) in KSA, UAE, and Egypt.
- Strategic Partnerships & Innovation: Leading collaboration with top U.S. healthcare technology providers, including Health Catalyst (advanced analytics, AI-driven decision support) and KLAS Research (benchmarking and best practices), to integrate cutting-edge digital health solutions.
- Program & Project Management: Establishing and managing a structured PMO framework, ensuring seamless execution of large-scale HealthTech projects, aligning with business goals, and driving measurable ROI.
- Enterprise Data & Analytics Strategy: Overseeing the implementation of Health Catalyst's Enterprise Data Warehouse (EDW) & Analytics Solutions to enable real-time insights, predictive analytics, and value-based care models, optimizing clinical and operational decision-making.
- AI-Powered Clinical Decision Support (CDS): Leading the deployment of AI-driven CDS tools to enhance diagnostics, reduce clinical variation, and improve patient safety through evidence-based recommendations.
- Patient & Provider Digital Engagement: Implementing next-generation patient engagement platforms, including personalized digital health portals, telemedicine, and mobile health applications, enhancing patient satisfaction and hospital efficiency.
- Operational Efficiency & Cost Optimization: Utilizing data-driven insights and process automation to streamline workflows, reduce administrative burdens, and enhance resource utilization across SGH hospitals.
- Healthcare Compliance & Best Practices: Ensuring alignment with international healthcare quality standards (JCI, HIMSS, MOH regulations), leveraging KLAS Research insights for continuous improvement and benchmarking against global best practices.
- Stakeholder & Change Management: Leading cross-functional teams, engaging senior leadership, and managing stakeholder expectations to ensure smooth adoption of digital solutions across diverse healthcare environments.
- Key Projects & Achievements:
  - Enterprise Data & Analytics Transformation – Implemented an advanced Health Catalyst EDW for real-time hospital data intelligence and strategic decision-making.
  - AI & Predictive Analytics in Healthcare – Integrated AI-driven Clinical Decision Support (CDS) tools, reducing errors and improving physician decision-making.
  - Digital Patient Experience Enhancement – Launched telemedicine platforms, mobile apps, and engagement portals, improving accessibility and patient outcomes.
  - Hospital Operational Efficiency Program – Optimized workflow automation, reducing costs and improving hospital resource allocation through technology-driven interventions.

**Country Manager @ PaySky & Yalla SuperApp (Acquired by ENPO) | Apr 2021 – Jan 2022**
